

About us

Established in 1979, Price Kitchens is a family run business which has built an enviable reputation for quality, service and value for money within the contract and retail markets.

Our size has allowed us to adopt a flexible approach to manufacturing and enabled us to be versatile enough to offer a variety of applications from low level units in schools to reduced mobility kitchens, whilst still remaining competitive.

Our furniture is manufactured in our Croydon factory on modern CNC processing machinery and software systems, employing local staff. All furniture is fully assembled and delivered by our own transport.

We take great pride in reliability and accuracy guaranteed by the use of latest manufacturing software.

Our experienced team of surveyors are available to carry out on-site

surveys and home consultations, followed by CAD drawings including a detailed furniture schedule.

Environmental

At Price Kitchens we recognise the importance of sustainability and environmental issues. Our customers can be confident that they are trading in goods that come from legal, ethical and sustainable sources.

Quality

We have held the internationally recognised standard ISO 9001 since 2001 thus demonstrating our firm commitment to quality and continuous improvement.

This brochure shows just a small selection of the many styles available from our extensive range, so if you have specific requirements or have any other questions please don't hesitate to call us on 020 8686 9006.

Carcases

Bourne A – White carcass with white plinths and infills

Bourne B – White carcass with factory fitted colour matched exposed gables, leading carcass edges, infills and plinths.

Countryways Carcass

Colour-matched carcass, infills, plinths with optional upgrade to soft-close drawers and doors.

Bourne Carcass Tested to BS6222-2:1997: Level H / BS14749:2005

Available in two options and manufactured from 18mm white melamine faced chipboard, with 15mm thick removable back panels to the majority of base units. Supplied fully assembled on adjustable legs complete with 165° opening clip hinges. Drawer boxes are metal sided, single extension with 15mm thick bases and backs.

Service ducts to base units are 65mm as standard, with a no cost option to adjust to suit site conditions*. Wall units are 330mm deep as standard and supplied with 3 way adjustable hangers, 65kg loading per hanger. Optional upgrade available to full extension soft close drawer boxes and soft close hinges.

Manufactured from 18mm colour matched melamine faced chipboard with solid back panels. 12 colour ways available as standard. Supplied fully assembled on adjustable legs with 105° opening clip standard hinges. Standard drawer boxes are metal sided, single extension with 15mm thick base and backs. Optional upgrade available to full extension soft close drawer boxes and soft close hinges. Wall units are 330mm deep as standard and supplied with 3 way adjustable hangers, 65kg loading per hanger.

Coulsdon & Coulsdon Premier

A range of simple but stylish finishes which are versatile enough to suit any style of home. Available in a wide range of colours, all kitchens are supplied complete with complementary handles and edgings.

Featured here are Beacon Beech style doors on our standard Bourne A carcass. Modern door handles and stainless steel appliances create a contemporary look.

Dust Grey

Hacienda
Black

Hacienda
White

Hapton

A subtle moulded edge to the Hapton creates a soft feel to the kitchen whilst keeping simple lines. There is a choice of Beech or Ivory finishes which are ideally suited to any kitchen size.

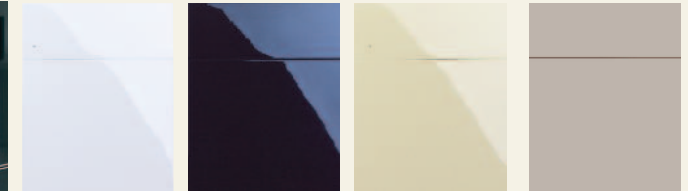

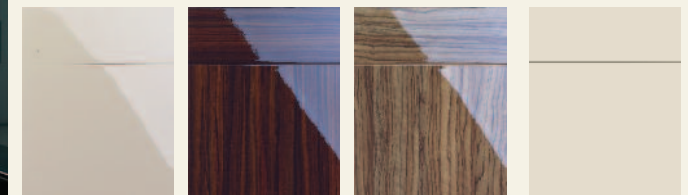

Designed on simple lines with a sleek matt finish Fresco White or Beige is practical as well as aesthetically pleasing.

High Gloss

The High Gloss range is as streamlined as you can get. Inviting and inspiring with an impressive high gloss finish available in White, Vanilla, Olivewood, Latte, Black, Ebony, Cappuccino or Alabaster.

White Black Vanilla Cappuccino

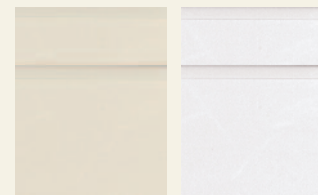

Latte Ebony Olivewood Alabaster

Handleless

Beige

White

Alabaster

Dove Grey

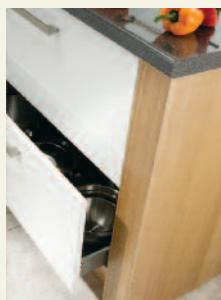

Clean lines make a high gloss handleless kitchen the perfect choice for those preferring a minimalist design. Choose from Beige, Alabaster, White or Dove Grey to create a perfect contemporary kitchen.

Tavola

CONTEMPORARY

This linear finish creates a contemporary feel with a daring horizontal veneer and wide variety of colours to choose from.

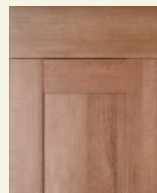

This Ivory finish is very adaptable as either a country kitchen or just change the details such as handles and accessories to create a modern design.

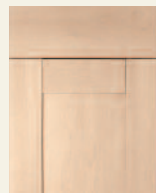

Arcadia

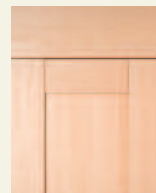

An authentic Shaker finish offered in Walnut, Maple or Beech effect which has a wide appeal and can suit a contemporary or classic feel.

Walnut

Maple

Beech

Broadoak

The Broadoak style embraces our love of all things timber. The Natural, Light or Ivory finishes offer a simple design with a beauty that will create a look which will remain beautiful for years to come.

SHAKER

Croft Oak

Each door has its own character and individuality; the washed or subtle distressed finish to the timber has a style that is so simple it offers all the essential ingredients of a welcoming kitchen.

A more traditionally designed door, the Dante character oak range is available in natural timber or an array of paint finishes. Available in the same colourways as Tavola (Page 9).

Adaptive

Electrical or manual height adjustable frames for worktops and wall units are available. A height adjustable bracket system is suitable for one-time adjustment scenarios or a manual or electrical system would be best for frequent adjustment and to increase independence.

A hob or sink with flexible plumbing can be easily inset providing the perfect height for everyone to safely reach the worktop, hob and sink. Internal accessories help with accessibility.

ADAPTIVE

Worktops

Whatever style of kitchen is decided upon there is a range of different worksurfaces available; laminate, stainless steel, timber, granite, glass, engineered stone or Corian.

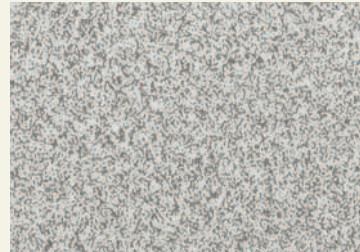

The laminate worktops can either be supplied in blanks or as a pre-mitred set. All specialist worktops have a supply and fit service.

These are a selection of our typical laminate worktop colours available; please ask for our full range.
